

TRAIL KING

e500

ELECTRIC DIRT BIKE

This electrifying maverick is loaded with the instant torque required to master challenging terrains, all while maintaining a silent profile. Embrace the eco-conscious thrill ride with this mighty e-bike.

KEY FEATURES

Outstanding Power

Our mini bike is propelled by a 48V Brushless Electric Hub Motor, rated at 500 watts, that delivers exceptional strength for unmatched speed and acceleration.

Long-lasting Lithium Battery

A robust 48V, 10 Ah lithium battery sits at the heart of the Trail King e500, supplying lengthy, uninterrupted adventures on one single charge, ideal for those day-long trails.

Rugged and Ready

Tame an array of landscapes with the bike's front hydraulic forks and rear dual spring coilover suspension, engineered for reliable off-road domination.

Simple Charging

Recharging is a easy with the 48V 2 Ah charging system, while its air cooling mechanism promotes optimal heat dispersion for performance longevity.

Age-Friendly

Created for riders 12 years and up, this electric fat tire mini bike is a source of excitement for young adventurers and adults alike.
